

**Costumes with Zip closure**

As part of our sustainability commitments, Amscan has developed a new packaging option that is currently being tested with a selection of costumes. The packagings are resealable and made from clear material which allows the customer to see the product, but the design has been amended to help reduce unnecessary packaging waste. The bags come with a euro hole and a zip closure, so consumers have the option to re-use the bag for other purposes. Where an alternative display route is needed, we offer this reusable hook as a separate item. The hook can be added to the bag and removed when a product is purchased, therefore used multiple times at the POS.

The reusable hook is intended for the following items:

9915741	Child Costume Donkey Nativity Age 2-3 Years
9915742	Child Costume Donkey Nativity Age 3-4 Years
9915743	Child Costume Donkey Nativity Age 4-6 Years
9915744	Child Costume Donkey Nativity Age 6-8 Years
